WORKPLACE HARASSMENT POLICY

Beaver County (the “County”) respects the dignity and professionalism of each of its employees, and is committed to maintaining a work environment that is free from discrimination and unlawful harassment. In furtherance of this commitment, the County absolutely prohibits unlawful workplace harassment on the basis of sex (with or without sexual conduct), race, color, age, national origin, religion, disability, protected activity (*i.e.*, opposition to prohibited discrimination or participation in the complaint/investigatory process) or other protected status.

Harassment consists of unwelcome conduct, whether verbal, physical or visual, on the basis of sex (with or without sexual conduct), race, color, age, national origin, religion, disability, protected activity (*i.e.*, opposition to prohibited discrimination or participation in the statutory complaint process) or other protected status which unreasonably interferes with an individual’s job performance or otherwise creates an intimidating, hostile or offensive working environment, or which results in a tangible employment action such as hiring, firing, promotion or demotion. Harassment may include derogatory remarks, epithets, offensive jokes, the display or circulation of offensive printed or visual material or offensive physical actions.

Unwelcome sexual advances, requests for sexual favors, and other verbal, physical or visual conduct of a sexual nature constitutes unlawful sexual harassment when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment;
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment also includes unnecessary touching of an individual or unwelcome physical contact such as patting, pinching or brushing against another, subtle pressure or request for sexual activities, referring to or calling an individual by an endearing, demeaning or sexual term, a display in the workplace of sexually suggestive objects, pictures, cartoons or posters, graphic verbal commentaries about or leering at an individual’s body, sexually degrading words used to describe an individual, sexually explicit, suggestive or offensive comments, jokes or teasing, preferential or derogatory treatment based on gender, verbal abuse of a sexual nature, physical or sexual assault, or other similar behavior.

All employees are responsible for helping to enforce the County’s policy against harassment. Any individual who believes that he or she has been the victim of prohibited harassment must immediately report such conduct to his or her supervisor so that the situation can be promptly investigated and remedied. An employee should not wait until the suspected harassment becomes severe or pervasive. An employee who is uncomfortable for any reason in

bringing such matter to the attention of his or her supervisor, or who is not satisfied after bringing the matter to the attention of his or her supervisor, should report the matter to the Employee Relations Director or to the Assistant Employee Relations Director. Any supervisor who receives a complaint of harassment must immediately report the matter to one of the foregoing County officials. Any questions about this policy or suspected harassment should also be brought to any of the same persons.

The matter will be promptly, thoroughly and impartially investigated and all allegations of harassment will be kept confidential to the extent possible. The alleged harasser will not have any direct or indirect control over the investigation. Employees should be aware that the County may, under certain circumstances, use an outside source to assist in the investigation of such complaints. In any event, an investigation will include, at a minimum, interviews of the employee who complained of harassment, the alleged harasser(s), and others who could reasonably be expected to have relevant information. If the County determines that harassment occurred, it will take immediate measures to stop the harassment and ensure that it does not recur. The Union will be informed in timely fashion of accusations made against Union members.

The County absolutely will not tolerate unlawful workplace harassment. The County also will not tolerate retaliation against anyone who files a bona fide complaint of harassment or who participates in an investigation. Any employee who is determined to have violated this policy, whether hourly or salary, will be subject to disciplinary action, up to and including discharge.

Any discipline imposed on a bargaining unit employee is subject to review in accordance with the grievance and arbitration provisions of the applicable collective bargaining agreement. In all other aspects, the Union shall have no obligation for enforcement of this Workplace Harassment Policy, and shall have no authority over the County's implementation and application of the Policy.

ATTACHMENT 3

BEAVER COUNTY ABSENCE CONTROL PROGRAM

Policy: Beaver County shall have an established Absence Control Program to control employee absence and tardiness. The County recognizes the fact that staff will have occasional absences due to illness. Employees recognize the importance of reporting for work as scheduled. This Program is intended to address employees who abuse sick time and/or who are consistently tardy. Employees who abuse sick time, and/or who are consistently late for work are failing to meet their obligations as employees, are inconveniencing their fellow employees and are interfering with the efficient provision of government services to the public. Such employees will be subject to discipline as set forth below.

I. Responsibility to Report Off

A. All employees shall report off to the person designated by his/her Office or Department prior to the start of the shift, unless circumstances (*e.g.*, severe illness, incapacity, etc.) prevent them from so doing.

B. The employee must speak to the designated person when reporting off, unless different arrangements have been made in advance by the Office or Department management.

C. Failure to report off in the proper manner shall result in disciplinary action as set forth below.

D. Failure to report for work as scheduled, or failure to properly report off from work in accordance with the above procedure, shall be considered a “no show” and will result in the following disciplinary action:

1. First offense – oral warning.
2. Second offense – written warning.
3. Third offense – three (3) day suspension.
4. Fourth offense – discharge.

Employees affected by changes to the posted schedule shall be notified promptly by Management.

II. General Rules for Sick Time

A. Written Verification shall be required for sick time of more than three (3) consecutive scheduled days. **Employees in any stage of the disciplinary steps set forth above may be required to supply written verification for absences regardless of duration.** The verification shall come from a physician or other health care provider and shall at minimum describe the medical or physical facts and/or condition for which the employee sought consultation or treatment.

B. Discipline under this policy will usually be progressive. In those cases where a pattern of absenteeism and/or sick leave abuse is suspected, the Employer will advise the employee of the suspected abuse and discuss the matter with the employee. Patterned illness or tardiness may be demonstrated, for example, by evidence that sick days are consistently used in

conjunction with vacation, holidays or other days off. The total circumstances of an employee's use of sick leave, rather than a numerical formula, shall be the basis upon which the Employer's final determination is made. At the end of that discussion, Management will determine whether to issue discipline in accordance with the progressive disciplinary policy set forth above.

C. Under normal circumstances, an employee who works six (6) months without an infraction will revert to the previous step in the progression. For example, if an employee who has received a written warning (Step 2) works six (6) calendar months after that suspension without incurring an additional infraction, he/she will have the warning removed from the Attendance Program record. A new infraction (other than a pattern infraction) will then result in the issuance of an oral warning (Step 1 of the policy).

D. Management reserves the right to impose greater discipline than called for under the progressive disciplinary schedule in response to severe abuses of the absenteeism policy.

E. All discipline issued in connection with the Absence Control Program shall be subject to the contractual grievance procedure.

ATTACHMENT 4

FAMILY AND MEDICAL LEAVE POLICY

PURPOSE:

This Policy is intended to address situations arising under the Leave of Absence provisions of the County's labor agreements with the SEIU, and under the Family and Medical Leave Act (FMLA). Its purpose is to outline the conditions under which an employee and/or the County may:

- request leave;
- determine eligibility for leave; and
- designate an absence/leave as

leave under the FMLA and under the Leave of Absence provisions contained in collective bargaining agreements..

I. FMLA LEAVE

FMLA allows eligible employees to take job-protected, unpaid leave or appropriate accrued paid leave, ("FMLA leave") for up to a total of 12 work weeks in any 12-month period because of:

- the birth of an employee's child;
- the placement of a child for adoption or foster care with an employee;
- circumstances where the employee is needed to care for a child, spouse, or parent who has a serious health condition; or
- the employee's own serious health condition which make him/her unable to perform the functions of his/her job.

The County does not normally count absences due to injury or illness under the Workers' Compensation Act against an employee's FMLA or contractual leave entitlement. Absence due to compensable illness or injury will count as FMLA leave only when an employee declines an offer of a Transitional Duty assignment during the first twelve (12) weeks after a compensable injury.

II. CONTRACTUAL LEAVE

Under the Leave of Absence provisions of the County's labor agreements, a leave of absence without pay will be granted for up to one (1) year to employees unable to work because of non-occupational sickness or accident.

Under both FMLA and Contractual Leave, eligible employees will have health benefits maintained as if they had continued to work instead of taking the leave. Health benefits shall be maintained for a maximum of six (6) months. Under the County Retirement Program, any

period of leave, up to a maximum of one year, will not be treated as or counted toward a break in service for purposes of vesting and eligibility to participate.

Spouses who are both employed by the County are entitled to a combined total of 12 weeks of FMLA leave (rather than 12 weeks each) in any 12 month period for the birth or care of the employees' child, for the placement in adoption or foster care of a child and care after placement, or for the care of a parent with a serious health condition. Spouses are each entitled to up to one year of leave for non-occupational sickness or accident under the labor agreement.

III. SCOPE OF POLICY

This policy applies to all FMLA leaves and Contractual leave for hourly and salaried employees, whether requested by the employee, or designated by the County.

If an employee is entitled to both FMLA leave and any other type of accrued leave (*e.g.*, vacation, personal days, sick days and contractual leave), the time periods will run concurrently and employees must use available accrued leave while on FMLA leave, except that employees are permitted at their option to keep up to twenty (20) sick days in reserve for their own personal illness. For leave to care for a child or family member, and employee is required to use all unused vacation and personal days during the leave period

IV. ELIGIBILITY FOR FMLA LEAVE

To be eligible for FMLA leave, an employee must have been employed by the County for at least 12 months and must have worked at least 1,250 hours during the 12-month period preceding the beginning of the leave. The employee must also provide appropriate medical certification of eligibility for FMLA leave.

V. REQUEST FOR FMLA LEAVE

An employee must provide the County at least 30 days advance notice before FMLA leave is to begin if the need for FMLA leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of the employee or family member. The employee's request for FMLA leave should:

- be in writing;
- set forth the reason for the requested leave;
- contain the anticipated duration of the leave; and
- designate the expected start date of the leave.

If 30 days advance notice is not practicable, such as because of the lack of knowledge of approximately when leave will be required to begin, a change in circumstances, or a medical emergency, notice must be given as soon as possible and practical, taking into account all of the facts and circumstances in the individual case. This ordinarily means that employees are expected to give at least verbal notification to the County within one or two business days of when the need for leave becomes known to the employee.

When the leave is for planned medical treatment, the employee must consult with the County and make a reasonable effort to schedule the leave so as not to unduly disrupt the County's operations, subject to the approval of the health care provider.

In those cases where an employee has not designated an absence/leave as FMLA leave, and the County receives information indicating that the employee's absence/leave may be for FMLA-covered reasons, the County reserves the right to designate such absence/leave as FMLA leave, and to count that time toward the employee's total 12-week entitlement of FMLA-covered leave. In such circumstance, the County may require the employee to have certification completed by a health care provider to confirm that the leave is for a FMLA-covered reason.

VI. REQUIRED MEDICAL CERTIFICATION

The County will require medical certification to support FMLA and contractual leave. The Employee Relations Department will provide each employee who may qualify for either type of leave with an appropriate form requesting medical certification concerning the need for the employee's absence. The employee must return the medical certification form to the Employee Relations Department within a *reasonable* time period (*normally* 15 calendar days after the employee receives the County's medical certification form). Failure of an employee to return the certification form in a timely fashion in cases of foreseeable leave may delay the taking of leave. Failure of an employee to return the certification form in a timely fashion in other cases may delay the continuation of leave. Failure of an employee to return the certification form at all will result in the loss of all FMLA benefits and protections, because the leave will not be FMLA leave.

If the minimum duration of the period of incapacity furnished by the health care provider is more than 30 days, no re-certification will *normally* (see exceptions set forth below) be required until the minimum initial period of incapacity has passed. The County reserves the right, however, to request subsequent and/or additional certification of FMLA and contractual leave every 30 days where the leave is for pregnancy, chronic, or permanent/long-term conditions under continuing supervision of a health care provider. The County further reserves the right to request subsequent and/or additional certification of FMLA leave where:

- leave is on an intermittent or reduced leave schedule basis and the minimum period specified on the original certification as necessary for such leave and treatment has passed.
- the employee requests an extension of FMLA leave;
- circumstances described by the previous certification have changed significantly;
- the County receives information that casts doubt upon the employee's stated reasons for the absence; or

- the County has reason to question the appropriateness of the leave and/or its duration.

The County may require a second medical opinion at its own expense by a health care provider designated by the County (but who is not employed on a regular basis by the County) if it doubts the validity of a medical certification. If the first and second opinions differ, the County may require the opinion of a third health care provider. The third health care provider must be approved jointly by the County and the Union, and must be paid for by the County. The opinion of the third health care provider will be final and binding on the County and the employee.

Pending receipt of the second (or third) medical opinion, the employee is provisionally entitled to FMLA leave and/or contractual leave. The employee is not entitled to be paid for the time or travel costs spent in acquiring the medical certifications, but the employee may request a copy of the second (or third) medical opinion. If the certifications do not ultimately establish the employee's entitlement to FMLA leave, the leave will not be designated as FMLA leave. The leave may be treated as Contractual Sickness leave under the labor agreement in conformity with the requirements for use of Contractual Sickness leave (i.e., contractual leave may only be used for the employee's personal illness/injury, not for care of spouse, children, etc.).

VII. INTERMITTENT OR REDUCED SCHEDULE FMLA LEAVE

FMLA Leave may be taken on an intermittent or reduced-leave schedule under certain circumstances. Intermittent leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee's usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee's schedule for a period of time, normally from full-time to part-time. Eligibility for intermittent or reduced schedule leave will be determined as follows:

A. Intermittent/Reduced Leave Schedule after the Birth or Placement of a Child for Adoption or Foster Care

When leave is taken after the birth or placement of a child for adoption or foster care, an employee may take leave on intermittently or on a reduced leave schedule only if the County agrees. If, however, a mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition, County agreement is not required, and such leave may be taken as long as proper certification of the necessity of such leave is provided.

B. Intermittent/Reduced Leave Schedule for Serious Health Condition

Leave may be taken intermittently or on a reduced leave schedule when medically necessary for planned and/or unanticipated medical treatment of a related serious health condition under the supervision of a health care provider, or for recovery from treatment or recovery from a serious health condition. It may also be taken to provide care or psychological

comfort to an immediate family member with a serious health condition. Examples of such leave include:

1. Where treatment for the serious health condition is required periodically, rather than for one continuous period of time, and may include leave periods ranging anywhere from an hour or more to several weeks.

2. Where the employee or family member is incapacitated or unable to perform the essential functions of the position because of a chronic or serious health condition even if he or she does not receive treatment by a health care provider.

When intermittent or reduced leave schedule is requested, the employee must attempt to work out a schedule with the County which meets the employee's needs without unduly disrupting the employee's operations, subject to the approval of the health care provider. Where leave is taken on an intermittent or reduced leave schedule basis, the County reserves the right to limit such leaves to the shortest period of time (one hour or less) that the County payroll system uses to account for absences or use of leave.

In cases of intermittent or reduced leave schedule, the amount of leave used toward an employee's total 12-week FMLA entitlement will be determined on a pro-rated basis by comparing the employee's former normal schedule with the new FMLA leave schedule.

VIII. DELAY/DENIAL OF FMLA AND LEAVE

The County may delay and/or deny FMLA leave under the following circumstances:

- where the employee fails to give timely advance notice when the leave for FMLA is foreseeable, the County may delay the taking of FMLA leave until 30 days after the date the employee provides notice to the employer of the need for FMLA leave;
- where an employee fails to provide in a timely manner a requested medical certification to substantiate the need for FMLA leave due to a serious health condition, the County may delay continuation of FMLA leave until the employee submits the certification;
- where an employee never provides requested medical certification to substantiate the need for FMLA leave due to a serious health condition, the leave is not FMLA leave.

IX. EMPLOYEE HEALTH BENEFITS DURING LEAVE

Group health care coverage will continue for employees on leave as if they were still working. The maximum period of such coverage is six (6) months. After six (6) months, employees are responsible for making sure the County receives premium payments in accordance with applicable COBRA regulations. The Employee Relations Department will provide a schedule of payment amounts and due dates.

X. RETURN TO WORK REQUIREMENTS

Employees on approved FMLA leave or Contractual leave may be required to periodically report their status and intent and ability to return to work.

Where an employee has taken leave for his/her own serious health condition that made the employee unable to perform his/her job, the employee may be required to obtain and produce certification of his ability to return to work and undergo a fitness for duty examination. This requirement will only be imposed where all similarly situated employees in the employee's job class are required to undergo such examination before returning to work from workers' compensation, disability or FMLA leave. The fitness for duty certification for return from FMLA leave will only be sought concerning the particular health condition that caused the employee's need for FMLA leave. This fitness-for-duty exam will not be required when the employee has taken an intermittent leave for his/her health condition.

XI. REINSTATEMENT AT CONCLUSION OF FMLA LEAVE

At the conclusion of FMLA leave, an employee will be reinstated to an equivalent position with equivalent terms and conditions as the employee held prior to taking FMLA leave. An employee has no greater right to reinstatement and to other benefits and conditions of employment, however, than if the employee had been continuously employed during the FMLA leave period.

If at the conclusion of the 12-weeks of FMLA leave, the employee is unable to return to work, the employee no longer has the protections of FMLA. Contractual Sickness leave may be available, however.

XIII. PENALTIES FOR FRAUD

An employee who fraudulently obtains FMLA or contractual leave from an employer is not protected by FMLA's job restoration or maintenance of health benefits provisions. In addition, the County will take all available appropriate disciplinary action against such employee due to such fraud.

XIV. ACCRUED PAID LEAVE

Any accrued paid leave time (*e.g.*, vacation, sick days, personal days) held by an employee at the time FMLA leave or contractual sick leave is taken must be used concurrently

with FMLA leave pr contractual leave, except that the employee has the option of preserving up to twenty (20) sick days for the employee's own personal illness.

ATTACHMENT 5

TRANSITIONAL DUTY

Section 1

The County and the Union agree to implement a Transitional Duty Program to help control workers' compensation expenses and to assist employees to return to work after compensable injury. From time to time, employees may be unable to perform the full range of duties required of their regular job due to job-related injury or disease compensable under the Pennsylvania Workers' Compensation Act. In order to provide gainful employment to these individuals, the County may create transitional duty jobs within the Bargaining Unit. These jobs may be filled only by County employees who are subject to work restrictions as a result of compensable work-related injury or disease. These jobs may also be offered on a voluntary basis to employees on non-occupational disability, including pregnancy.

Section 2

The right to determine whether or not to create or eliminate transitional duty jobs and the assignment of eligible employees to fill such jobs shall be vested exclusively in Management.

- (a) Transitional duty jobs shall not be filled in accordance with the posting and bidding provisions of this Agreement.
- (b) Assignment to transitional duty jobs shall be subject to the nondiscrimination provisions of this Agreement.
- (c) Transitional duty jobs shall not be used to erode the Bargaining Unit or reduce permanent staffing requirements.
- (d) Employees assigned to transitional duty jobs shall not be subject to the layoff and recall provisions of this Agreement.
- (e) In the event of a layoff, transitional duty employees shall not be used to perform work which would otherwise have been performed by employees on layoff.
- (f) Except as otherwise set forth in this Agreement, employees assigned to transitional duty jobs shall not lose seniority or other contractual benefits as a result of said assignment.
- (g) Employees on non-occupational disability, including pregnancy, may decline offers of transitional duty employment without loss of contractual benefits they may otherwise be entitled to under this Agreement.

Section 3

An Employee assigned to Transitional Duty shall earn the same hourly wage as he/she was earning before suffering the compensable injury. Unless mutually agreed otherwise, the employee will be assigned to the same shift as he/she was working at the time of the injury.

In the event the earnings of an employee assigned to transitional duty exceed the employee's average weekly wage at the time of the compensable injury, the employee shall no longer be entitled to partial disability payments in accordance with the Pennsylvania Workers' Compensation Act. The employee shall execute any necessary supplemental agreements to

suspend temporary disability payments. In the event the injury recurs and workers' compensation benefits are reinstated the employee's average weekly wage will be calculated, in accordance with the Workers' Compensation Act, as of the date of the original injury.

Section 4

Fringe benefits for employees assigned to transitional duty will be determined on the basis of the employee's pre-disability entitlement. For example, a full-time employee assigned to transitional duty on a part-time basis shall receive fringe benefits as though working full-time.

Section 5

Employees in transitional duty jobs shall be returned to their regular jobs at such time as they are medically certified to return to that job. Return shall be accomplished as soon as is practicable after receipt of the requisite certification.

Section 6

The decision as to whether or not to offer a transitional duty position to an employee, and whether an employee shall remain in transitional duty position will depend on availability of suitable transitional duty positions and the discretion of the Director of Employee Relations. Transitional duty positions are not regular jobs.

Employees are not required to accept offers of Transitional Duty Assignments during the first twelve (12) weeks after incurring a work related injury. This period corresponds to the period when the employee may be entitled to leave under the Family Medical Leave Act. However, in the event an employee declines an offer of Transitional Duty during the first twelve (12) weeks after incurring a work related injury, the period will be considered as FMLA leave.

Assignment to a transitional duty position shall not exceed 180 calendar days from the first day of assignment. If additional days in the transitional duty position are requested by the employee's attending practitioner based upon a return to work within an additional thirty (30) days beyond the original 180 days, the request and any other necessary documentation must be supplied to the County's Employee Relations Director within five (5) business days prior to the end of the initial 180 day period.

If at the end of 180 calendar days (except as noted in the preceding paragraph) the employee is not capable of returning to his/her regular position, the Transitional Duty assignment shall terminate, unless mutually agreed otherwise.

Section 7

The parties agree that implementation of this Transitional Duty Program will likely require continued monitoring and discussion. The parties agree to meet periodically on request to discuss the Transitional Duty Program and methods to improve it. It is agreed that the Program will be administered in such a fashion as to accommodate the legitimate needs of employees with respect to hours of work and shift assignments. In the event there are any changes to the Program proposed by either the County or the Union, the same will be negotiated.
